Tuition and Fee Information

Tuition is assessed by course level, not student classification. Other factors that determine your per credit rate include: residency, admission term, and course campus. The per-credit-hour rate is made up of tuition and fees. You will see multiple tuition charges on your OASIS account with different codes. The different codes are only for accounting purposes because the funds are allocated to different places.

In addition to the per-credit-hour Tuition and Fees, there are flat fees charged per term, not by credit hour, based on the student's home campus. For St. Petersburg students, there is a \$7 activity fee and a \$10 athletic fee. There are also additional costs that may be charged based on field of study:

- **Lab and Materials:** Incurred by a student who enrolls in certain courses to recover the cost of instructional laboratory equipment.
- **Off-Campus:** Incurred by a student who takes a course at a location other than the St. Petersburg campus.
- **Distance Learning:** Incurred by a student who enrolls in a distance learning (online) course.
- **Facilities and Equipment:** Incurred by a student who enrolls in certain courses to recover the cost of materials and supplies.

FLORIDA PREPAID COLLEGE PLAN

The Florida Prepaid College Plan (FLPP) is a program that allows families to prepay for their child's education at a guaranteed fixed rate. It is guaranteed by the State of Florida. This program began in 1988 and is the largest prepaid tuition plan in the country.

How does University of South Florida bill my Florida Prepaid?

USF downloads a file from FLPP and we automatically bill for all FLPP students who are enrolled for fall, spring and/or summer terms for the maximum amount allowed. YOU DO NOT NEED TO BRING, FAX OR MAIL YOUR CARD TO THE CASHIER'S OFFICE TO ACTIVATE YOUR ACCOUNT.

What is covered?

The credit hour cost comprises several fees in addition to tuition. The "state fees" (or tuition) portion of the credit hour is covered by FLPP. Local fees are covered if you purchased that feature, and the differential fee is waived if you contracted your plan before January 31, 2007. The differential could also be covered by FLPP if your plan is newer than that and you also purchased the differential fee feature.

COST PER CREDIT HOUR	TUITION FEE PLAN	TUITION AND LOCAL FEES	DIFFERENTIAL
\$209.69	\$117.08	\$153.56*	\$46.88

**Approximately \$153.56 per credit hour. For the exact amount, please refer to the FLPP payment worksheet.*

EXAMPLE: Tuition Fee Plan purchased prior to Jan. 31, 2007

$$\text{COST PER CREDIT HOUR} - \text{TUITION FEE PLAN} - \text{DIFFERENTIAL} = \text{LOCAL FEES}$$
$$\$209.69 - \$117.08 - \$46.88 = \$45.73$$

In this example, you would pay \$45.73 in out-of-pocket local fees per credit hour.

What is not covered?

Tuition Plans - Students are responsible for the following fees: activities and services, athletic, health, transportation, facilities, technology, green energy, and flat fees or any additional course fees i.e. lab, distance learning, repeat course fees, etc.

Local Fee Plan - Does not cover the Technology and Green Energy fees or any additional course fees (i.e. lab, distance learning, etc.).

*Once a student is enrolled in classes, FLPP will sync with the student account. You will be able to see FLPP pending in OASIS under **Student > Tuition and Fees > View Account by Term** (includes FLPP Memo items). FLPP pays to the student account the third or fourth week of the term. Having FLPP will grant students an extension to the deferment date to pay in full. There is no FLPP Plan that covers 100% of the registration charges.

USF COLLEGE COSTS: ST. PETERSBURG CAMPUS

Deferment and Bookstore Advance Purchase Program (BAPP) Information

Tuition payments are due at the end of the first week of every semester for students who **have not** been given a deferment for one of the following reasons:

- Financial Aid or Bright Futures/Scholarship Deferment
- Veteran's Deferment
- Students with billed FLPP tuition plans

Deferments postpone the payment deadline. For financial aid/Bright Futures students, financial aid is applied to the charges on the student account on the sixth day of the semester in the following order: tuition, fees, housing, meal plans, and books. You are still responsible for any charges on the student account after financial aid has been disbursed.

Two weeks **PRIOR TO** the beginning of each semester, we encourage all students to log into OASIS, select the Financial Aid tab, then "My Requirements, Bookstore Authorizations and Deferments" to see which types of deferments they have received. Select the appropriate aid year (2021-2022 for summer and 2022-2023 for fall and spring) to see if a deferment has been provided.

SEMESTER	PAYMENT DEADLINE	FINANCIAL AID DEFERMENT PAYMENT DEADLINE
Summer 2022	July 2, 2022	TBD
Fall 2022	August 26, 2022	TBD
Spring 2023	January 13, 2023	TBD

Financial Aid Deferments

A Financial Aid Deferment is automatically given if:

- FAFSA is on file with the school prior to the first week of classes (2021-22 for summer and 2022-23 for fall and spring).
- The student enrolls at least half-time (6 credit hours).
- The student is earning "Good" Satisfactory Academic Progress.

Bookstore Advance Purchase Program (BAPP)

The BAPP allows a student to "charge" books and supplies at any USF branch bookstore, against incoming financial aid. In order to qualify for a BAPP, a student would need to have at least an extra \$100 in financial aid above the total charges listed in the OASIS account. Check OASIS under "My Requirements, Bookstore Authorizations and Deferments" every semester to see if a BAPP is posted. An email notifying the student of BAPP eligibility will also be sent each semester.

- If eligible, your student would "charge" his or her books using their USF student ID. The bookstore charges then would be added to the student account. When financial aid comes in, it will pay for tuition, fees, housing, meal plans, and bookstore charges.
