CAMPUS UPDATE

Dr. Tadlock invited members to get to know USFSP folks in the session – all are happy to share information about USFSP and student success. He presented campus news:

- USFSP fall-to-spring retention rate is at a record-breaking 95%– that means 95% of the students who started here in the Fall term have stayed with us to the Spring term. Five years ago, it was 90%.
- USFSP’s academic progress rate stands at 88%. This is a measurement of how many students are advancing with a grade point average of 2.0 or higher. Five years ago, it was 79%.
- Research awards are increasing. Two years ago, USFSP received \$4.7 million. Last year, it was \$6.2 million. Right now, USFSP is at \$16.8 million and it is only mid-way through the academic year.
- The Armed Forces Families Foundation’s \$125,000 gift is providing funds for needed improvements for our campus Veterans Center.
- Dr. Kemesha Gabbidon, a post-doctoral fellow at USF St. Petersburg, received a \$70,000 research grant that will target the multiple stigmas surrounding HIV in Tampa Bay with the goal of increasing health screenings and diminishing the spread of the disease.
- A hearty thank you to Town and Gown for its key role in nurturing the Support-A-Bull pantry. Members truly make an impact with ongoing support of USFSP in so many ways, including donations totaling \$116,000 to date to various campus programs. Everyone contributes to student success. Check out the Graphic Arts in HBR – we aim to become the signature GA program in the southeastern USA.
- Osprey is the name of our newest residence hall while the other two housing buildings will be redubbed Ibis and Pelican. Campus labs in STG are slated for renovation soon. Davis Hall’s second floor is currently undergoing a much-needed remodeling.
- USFSP’s online MBA program was cited as one of the top 25 in the country. The prestigious *Princeton Review* ranked USFSP 24 out of more than 110 programs reviewed across the nation

- Upcoming campus events, among many: Diversity & Inclusion Conference (Feb. 1); Bay-to-Bay Symposium (Feb.1); and St. Petersburg Conference on World Affairs (Feb. 18-21).
- College of Education graduate Heather Phillips was recently named Hernando County Teacher of the Year. She teaches at Pine Grove Elementary School.

In closing, Dr. Tadlock reported that the USF consolidation document is due on March 15. He reminded us that this is a long process and our campus remains focused on our priorities.
