CLIMATE SCIENCE 101: REAL ESTATE AND CLIMATE CHANGE: WHAT WILL HAPPEN TO MY HOUSE?

This session of Community Climate Change Education Series will focus on how climate change is likely to impact the real estate market in Pinellas County; what homeowners can do to be prepared and learn more about the value of their homes; and what is likely to happen to insurance rates in the coming years

Speakers/Presenters:

Noah Taylor, City of St. Petersburg, Flood Plain Coordinator
Brandi Gabbard, Smith & Associates Real Estate and former Chairman of the Board of the Pinellas Realtor.

**Presented at the
Boyd Hill Nature
Preserve Education
Center**

**1101 Country Club Way S.
St. Petersburg, FL 33705**

7 to 8 pm
