Climate Change Models: Demystifying Climate Science

Maya Burke, Assistant Director, Tampa Bay Estuary Program

Maya is responsible for strategic planning and implementation reporting to drive actionable science for the benefit of a healthy bay; distills Tampa Bay-specific research for a broader audience; and facilitates working groups, including the Tampa Bay Nitrogen Management Consortium and the Tampa Bay Climate Science Advisory Panel. Maya has spent 15 years working in water resource management, regulatory compliance, and environmental land use planning. Prior to working at the Tampa Bay Estuary Program, Maya worked for the Southwest Florida Water Management District and the Tampa Bay Regional Planning Council. She is a graduate of New College of Florida and a native Floridian.
