Avoid Summer Slump for Success

Worried about your student sliding into a slump over summer break? Ensure your student's continued success in college with the following tips: Students can align summer jobs with their future career plans: for example, an education major working at a summer camp or a biology major working in a local doctor's office.

If your student has not declared a major or is uncertain about career options, summer break is an opportunity to try a few volunteer opportunities that align with career/major paths they are curious about. Make sure your student is ready for the next semester to ensure a relaxing summer break and smooth transition into Fall 2021.

Before switching into summer mode, they should: check final grades in Oasis, register for Fall classes, complete requirements for financial aid to cover tuition, and confirm housing arrangements.

Contact usfsp-studentsuccessadvocacy@usf.edu with any questions and concerns. We help students succeed from A to Z!
