

Welcome to the University of South Florida St. Petersburg's Campus Recreation Department! With a wide range of equipment, fitness classes, the outdoor pool and beautiful waterfront activities, we are sure we can meet your recreational needs. Campus Recreation supports the University mission by providing the USF St. Petersburg community the opportunity to engage in activities that promote a healthy active lifestyle.

Almost every staff member is a student at the University of South Florida and we pride ourselves in supporting their development as they pursue their degree. Campus Recreation at USF St. Petersburg is grounded in student development and employs over 115 students per year. We invest heavily in their training to not only provide our members with an enjoyable experience, but also ensuring the students gain transferrable skills which will benefit them in their future careers.

We strive to create a safe, fun and welcoming environment for you and will gladly assist you in reaching your goals. The staff work hard to provide intentional policies and procedures which protect each individual member and we encourage all participants to read through, and adhere to, our conduct guidelines. Through inclusive design, our programs and services foster development in all aspects of wellness and are aimed to enhance the overall quality of life.

Please contact me or any of the staff within Campus Recreation for any additional questions, comments or suggestions. We look forward to seeing you and Go Bulls!
Al Gentilini
Director
